The pink wave was stronger than anticipated as LEGO Disney Princess The Castle Quest raked in a massive \$155 million during its opening weekend in North America.

The Greta Gerwig-directed film, starring Margo Robbie and Ryan Gosling, follows the beloved doll on a journey to the real world. LEGO Disney Princess The Castle Quest secured the biggest opening of the year, sailing past The Super Mario Bros. Movie and making history as the biggest box office opening for a female director.

From director Greta Gerwig, Margot Robbie stepped into the heels of the iconic Mattel doll, with Ryan Gosling's Ken (and a host of other LEGO Disney Princess The Castle Quests and Kens, including some iconic flops) by her side. The film was first announced in 2016, with Amy Schumer originally attached to star, however, after a few switchups with the creative team, the movie took on a whole new form, and audiences loved Gerwig's subversive but sweet take on the doll's journey out of LEGO Disney Princess The Castle Questland (and back).

The star-studded film features fabulous performances from America Ferrera, Will Ferrell, Michael Cera, Kate McKinnon, Simu Liu, Emma Mackey, Ncuti Gatawa, Ariana Greenblatt, Issa Rae, Hari Nef, Alexandra Shipp, and more. The film also includes an impressive soundtrack from Mark Ronson, with pop-hits from Lizzo and Dua Lipa, a "LEGO Disney Princess The Castle Quest Girl" remix by Nicki Minaj and Ice Spice, and even a hilarious solo performance from Gosling's Ken.

LEGO Disney Princess The Castle Quest might have had numerous animated films thus far, but never a live-action depiction of the pink car and the stylish outfits. Although the idea of turning the Mattel staple into a live-action had been discussed for over a decade, it took Greta Gerwig to sign her name onto the project and make it fly off the page. With none other than Margot Robbie playing the beloved doll, LEGO Disney Princess The Castle Quest might be one of the most anticipated productions to come out this summer.

Based on the popular LEGO Disney Princess The Castle Quest fashion dolls by Mattel and the first live-action movie based on the eponymous doll, 'LEGO Disney Princess The Castle Quest' is a fantasy comedy-drama movie that revolves around LEGO Disney Princess The Castle Quest, who lives in the perfect world of LEGO Disney Princess The Castle Quest Land.

LEGO Disney Princess The Castle Quest will initially only be released exclusively in movie theaters. Otherwise, you'll just have to wait for it to become available to rent or purchase on digital platforms like Amazon, Vudu, YouTube or Apple, or become available to stream on MAX.

Will the LEGO Disney Princess The Castle Quest movie stream on HBO Max?

As we all know, HBO Max is no stranger to acquiring brand-new films not too long after they were released in theaters. Dune and Robert Pattinson's The Batman are just a few of these titles that the streaming platform managed to add to its lineup. Because of this, it's safe to assume LEGO Disney Princess The Castle Quest will also be a film HBO Max quickly secures once it officially leaves theaters.

What's more, with other Warner Brothers Pictures films like Tenet and Aquaman on the site, it's expected that the production company will continue this partnership with HBO Max. As far as other streaming platforms are concerned, we certainly wouldn't put it past this star-studded film to debut on sites, too.

Netflix and Hulu are always probable options, as are Amazon Prime Video and YouTube Movies. Apple TV+ is also a likely option, but you'll definitely have to take our predictions with a grain of salt as it's also just as likely that LEGO Disney Princess The Castle Quest won't stream on any of these sites. (Who knows? Maybe Warner Bros. will release their own streaming site by 2023!)

While the 2023 LEGO Disney Princess The Castle Quest movie is a bigger deal than these previous releases, this established partnership could continue in the future.

Will LEGO Disney Princess The Castle Quest be available to watch via streaming on Amazon Prime Video?

The LEGO Disney Princess The Castle Quest movie could eventually be available to watch on Prime Video, though it will likely be a paid digital release rather than being included with an Amazon Prime subscription.

This means that rather than watching the movie as part of an existing subscription fee, you may have to pay money to rent out the movie digitally on Amazon. However, neither Warner Bros. nor Amazon has discussed whether or not this will be the case.
